Back of House/Offices

### Liberty

Heralding the next generation in mesh seating, Liberty offers dynamically adjusting recline and innovative Form-Sensing Mesh Technology for exceptional body-fitting comfort.

### Liberty Side Chair

Revolutionary mesh technology meets timeless design in the Liberty Side chair, featuring automatic lumbar support for ultimate comfort.

---

### Freedom Task Chair

The “gold standard in office seating,” Freedom’s groundbreaking design and unparalleled ease of use offers the ultimate task chair experience.

### Freedom Saddle Seat

The most comfortable and versatile stool ever made, the Freedom Saddle’s triangular cushion puts the spine into a healthy lordotic curve and reduces pressure points for seated comfort.

---

### Cinto Stacking Chair

Offering unprecedented comfort and ergonomic features for a chair in its class, Cinto moves with the body and minimizes pressure points for all-day sitting comfort in a convenient stacking chair.

---

## Diffrient Light

A shining example of ergonomic design and superior engineering, the Diffrient Light promotes energy efficiency in a highly adjustable and elegant package. Available with or without integrated data and power.

---

## L2 Notebook Manager & 5G Keyboard Support

These complementary products offer all the comfort of an ergonomic workstation for laptop computer users: the L2 offers monitor adjustability while the 5G (shown on cover) provides ideal positioning of an external keyboard and mouse.

---

## Monitor Arms

Featuring effortless adjustment, perfect stability, and sleek aesthetics, Humanscale's many M4 and M7 monitor arm configurations suit any need.

Recognized by I.D. Magazine as  
one of 10 "Best Companies"  
worldwide that help push design  
forward.
